This 1½-day conference will once again bring together those who are responsible for their organisation's business ethics and compliance programmes. You will share with your peers practical information and experiences relating to current best practices and explore together some of the problems that are raised in doing business ethically.

The meeting follows up on the last conference held in Paris in January 2009. It is an invaluable opportunity to network with a broad peer group of corporate managers working in this field.

Host organisations are:

- the European Business Ethics Network (EBEN)
- the Ethics & Compliance Officer Association (ECO) of the United States
- the Cercle d'Éthique des Affaires-Cercle Européen des Déontologues (CEA-CED) of France
- the Institute of Business Ethics (IBE) of the United Kingdom

Attendance is by invitation and strictly limited to those responsible for ethics, compliance and corporate responsibility within organisations with over 500 employees. Spaces are initially limited to three per company, although more may be held on a waiting list should spaces become available.

Discussions take place under the Chatham House Rule. The Forum is intended as a place to network and meet others; while it is appropriate to make professional contacts and to respond to requests for information from others, it is not appropriate to solicit business or support.

The conference will commence with a welcome party on the evening of Wednesday 13th January and conclude at 13.00 hours on Friday 15th January.
